

J&G COUGHTRIE

SY-6 COMPACT OVAL FLUORESCENT TABLE BULKHEAD

J&G COUGHTRIE

Trusted by our discerning customers for over eight decades, our UK-made industrial lighting features simple, geometric forms with enduring style and robust construction. Built to last a lifetime, our products are made from the finest quality materials, with the highest spec finishes - quite simply spiffing.

Made in Britain since 1939.

TRUSTED, TIMELESS & ENDURING.

Founded in 1939, by a pair of Glaswegian brothers, our original industrial lighting can still be found, working reliably, across the UK. Robust, and sustainably made, we're proud to continue a rich legacy in lighting, spanning over eight decades.

J&G Coughtrie lighting is expertly engineered in the UK, using the finest materials, and skillful craftsmanship. This helps our customers leave a sustainable legacy, with products reimagined, and redefined, for a modern audience, all while preserving traditional techniques, and values (the old adage, 'they don't make 'em like they used to, definitely doesn't apply to us).

Our lights are the product of over 80 years of experience, with manufacturing processes and craftsmanship refined through multiple generations, grounded in traditional handcrafting methods.

We work with our customers on a wide variety of ventures, from lighting schemes for conservation and restoration projects, to tailored light fittings for hotels, homes, offices, and hospitality venues - both inside, and out. We've also worked on a film, set or two, and know a thing or two about creating the right mood for any scene.

1. Recycled
Aluminium

2. Freshly cast
SY-6 Casing

1.

2.

Our light casings are cast from solid aluminium, with each piece hand finished to remove rough edges, before being powder coated to keep it looking pristine, for longer. Our local Mastercasters have been making Coughtrie casings for decades, some still using original tools from the 1940s and 1950s.

**“TRADITIONAL DESIGN, ENDURING CRAFTSMANSHIP.
COMBINING OVER 80 YEARS OF EXPERIENCE
PRODUCING TIMELESS INDUSTRIAL LIGHTING.”**

Our glass diffusers are custom designed, and moulded in thick, robust glass, diffusing the light evenly, and gently - regardless of the intensity of the bulb inside. Made with care, our glass translates love into light of the finest possible quality. Each of our lights is made to order, with an industry leading product time that sees us combine quality with speed - a rare feat in any industry.

Our lights are rigorously tested by our team before being shipped, many of whom have been with us for over 40 years, with invaluable experience honed over decades.

Quality guaranteed, our lighting range is built to last a lifetime, with each product made to order, individually hand-assembled, and quality checked at our factory in Glasgow. Enduring quality, our products are protected by up-gradable and replaceable technologies combined with rust protected casings to stand the test of time.

J&G Coughtrie has been following sustainable manufacturing and design practices for 80 years - because we believe that sustainable design is simply good design. Made within only recycled, and recyclable materials, our lights are designed for easy disassembly, using mechanical fixings that can be taken apart, repaired, and upgraded, rather than glue. Our suppliers are also locally based, helping to reduce our carbon footprint.

SY-6 COMPACT OVAL FLUORESCENT TABLE BULKHEAD

Standard, Indoor Use, Clear

Open new possibilities with our corded SY-6 Bulkhead. Plug in and flood soft light across bookcases, bedsides, or artwork. Beautiful in a family living room and robust enough for any hotel bedroom.

SY-6 COMPACT OVAL FLUORESCENT TABLE BULKHEAD

1

RUGGED PLUG & CORD

The SY-6 lamp features an over-moulded plug and 2.4m cord with on-off rocker switch that's compatible with any standard 230V power socket, easy peasy!

2

SOLID BRASS CABLE GLAND

A solid brass cable gland secures and seals the power cord within the casing of the lamp, preventing accidental pull-out by over enthusiastic tail -waggers, or inquisitive little fingers accessing the inside of the lamp casing.

3

HAND PRESSED & BLOWN GLASS

The lamp's thick, hand-blown glass diffuser has distinctive decorative ribs, and is marked with the iconic Coughtrie brand mark. Glass with class.

4

TIMELESS STYLING

The soft silicone and felt feet on the underside of our iconic Bulkhead lamp protect your furniture from scratches - from fine mahogany, to Ikea flat pack.

5

CAST ALUMINIUM CASING

Hand-made with corrosion resistant aluminium casing in Glasgow, our SY-6 lamp is built to last. We've been doing this for over eight decades, and we know a thing or two about combining elegance with robust construction.

6

PORCELAIN LAMP HOLDER

Your SY-6 can be specified with a Bayonet Cap or Edison Screw lamp holder. Fit with Smart Bulb to connect the lamp to your smart home controls.

5. SY-6 Compact

Table Bulkhead,
Clear Glass

FINISHED TO YOUR FANCY

Gloss Grey

Black

Antique Bronze

Colour

The SY-6 can be finished with a number of different options, to suit your flights of fancy, from powder-coated paint in a range of colours, to an industrial aluminium finish which simply has a clear, protective lacquer applied to achieve that raw, manufactured industrial look, creating an unique and distinct finish each time. Each light can also be anodised with a weathered bronze

finish, for rustic, antique effect. The choice is endless. The choice is also yours. And with our bespoke finishing service, you'll also be able to specify a unique RAL colour, for powder coating.

White

Industrial Aluminium

Weathered Bronze

Customise

Create your ideal SY-6 specification, with Edison Screw or Bayonet Cap lamp holder.

SY-6 COMPACT OVAL FLUORESCENT TABLE BULKHEAD

BEDSIDE BULKHEADS

Drift off to sleep after a reading your favourite book under the soft light of a wall mounted SY-6 lamp.

BOOKSHELF BULKHEAD

Bring a soft glow to your books, with an SY-6 lamp tucked neatly onto your bookshelf.

80 YEARS OF SUSTAINABILITY

BUILT TO LAST.

Our lights are tough cookies, built to last and suitable for even the most extreme applications (or even a Hollywood set!)

LOCAL SUPPLIERS.

We have a long-standing policy of using suppliers and manufacturing within a 40 miles radius, keeping it local is keeping it sustainable.

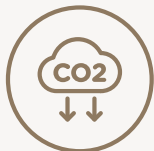

DESIGNED TO BE REPAIRED.

Our lights are designed to disassemble easily for repair or upgrade in the future as technology continues to improve.

SUSTAINABLE PACKAGING

Each light is lovingly wrapped in recycled paper padding shipped in recycled cardboard packaging.

LOW CARBON MATERIALS

Where possible, we make our parts from low carbon materials that are recycled or can be recycled at end of life.

LOW ENERGY CONSUMPTION

As lighting technology evolves, so do our lights. Now, we use low energy LED bulbs to minimise energy consumption.

PRODUCT INFORMATION

Weight	1000 grams
IP Rating	Suitable for inside use in dry environments. Dust tight.
Product Dimensions	Length: 220mm; Width: 103mm; Depth: 118mm
Materials	Cast Aluminium Casing; Pressed And Blown Glass Diffuser; Sheet Aluminium Gear Tray; TPU Gasket; Silicone Gasket; Steel Screws; CNC Sheet Steel Flanges; Porcelain Lamp Holder; Powder Coated Paint / Aluminium Anodising Finishing.

ELECTRICAL CHARACTERISTICS

Power	Depends on bulb
Voltage	230V
Current	Depends on bulb
